A. The planning commission shall authorize a conditional use permit to sell alcoholic beverages except Class A beer outlets and Class B beer outlets where it is determined by the planning commission:

1. That the use is not in the immediate proximity of any school, church, library, public playground, or park;
2. That the proposed use at a particular location is necessary and desirable to provide the service or facility which will contribute to the general well-being of the neighborhood and the community; and
3. That such use will not, under the circumstances of the particular case, be detrimental to the health, safety or general welfare of persons residing or working in the vicinity, or injurious to property or improvements in the vicinity; and
4. That the proposed use will comply with regulations and conditions specified in this title for such use; and
5. That the proposed use will conform to the intent of the county general plan.

B. All conditional use permits for uses dispensing alcoholic beverages to be consumed on the premises are subject to an annual review, and all applications for a conditional use permit for consumption of liquor or beer on the premises must be accompanied by a payment of fees as provided in Section 3.52.040. The fees are considered reasonable because of the costs of investigation and studies necessary for the administration hereof.
